March 2011

Università degli Studi di Sassari – Department of Clinical, Experimental and Oncology Medicine - and ANLAIDS Sez. Lombarda launched and opened the enrolment for the e-learning training courses organised in the framework of the European project "H-CUBE: HBV, HCV and HIV three different and serious threats for European young people. A network to study and to face these challenges in the participating countries (www.hcube-project.eu).
The courses aiming at providing information about **HBV,HCV and HIV/AIDS** and how to deal with these diseases in your professional and private life to health/education professionals, councellors, teachers and families.

Participation in the course **is completely free**.

For further information about the scheduled training sessions in your country and how to participate, please, contact the H-CUBE responsible for each country:
