H-CUBE FINAL MEETING

After 30 months of activities, H-CUBE partners met in Ljubljana (Slovenia) on October 17-18, 2011 to present and discuss the project results.
The project has been a success:

- 11 country partners
- External experts from 9 non participating countries
- More than 7.000 young people have been involved in the prevention activities in the participating countries
- Around 600 healthcare professionals, parents and teachers registered on the e-learning platform and participated in the training sessions
- The project websites registered around 1.000.000 hits since their launch (and they are still working!)
- Distribution of 10.000 CD-ROM containing the manual about best practices

To learn more what the project partners think about the project and its future, visit the project website www.hcube-project.eu section VIDEO.
